

Data Sources

The organisation that sent us data related to a specific species is shown in the left hand column when a parishioner has not provided a sighting of the species.

Where a parishioner has reported the sighting it is listed as PCS when the sighting has been verified against one of the lists provided and PS when it is a new sighting.

Data Source Key

DWT	Devon Wildlife Trust
BTO	British Trust for Ornithology
DBRC	Devon Biodiversity Record Centre
NBD	National Biodiversity Database
PCS	Parishioner Confirmed Sighting
PS	Parishioner Sighting
